Hadley Park was formerly part of the Hadley Park estate which, at its largest extent, comprised 345 acres of land.

Hadley Park has been documented as one of the largest farms in the parish having trebled in size from its initial 115 acres in 1772 to 345 acres in 1940.

The property has been an independent estate throughout the history of the present building and was clearly of some status with its own lodge house at its entrance. It would have been a local employer, as it is today, and thus playing an important role within the local community.
